MODULAR CABINET SMC 300

Tuotekortti · S19328

The SMC 300 is a narrow 5-module modular cabinet where the contents can be customized according to the needs of each worksite. The lockable door and sturdy frame are made of powder-coated 2 mm aluminum. The SMC 300 can be hung on the wall or put on a stand (16kg). By tailoring the cabinet to the needs of the worksite, you can make significant savings.
