

The SMC 700 is a modular cabinet with 12 modular slots, where the content can be customized according to the needs of the construction site. By selecting only the necessary queue fuses and other components as content, you can save a lot. The content can be re-edited to fit the next site. Unnecessary module slots are covered with cover plates. The cabinet has lifting eyes and the stand is designed for moving with a forklift. The sturdy cabinet, secured with powder-coated aluminum, stands on its own stand. The corrosion-free cabinets withstands heavy handling on site and the components behind locked doors remain safe.

TEKNISET TIEDOT

Tuotekoodi	S19329
Module places	12 paikkaa
Railing	630 A
Short-circuit resistance	Icf = 25 kA
Enclosure class	IP44
Paino tyhjänä	57 kg

Dimensions (H x W x D)	1600 x 729 x 530 mm
Kiinnitys	Jalusta
Model	SMC 700
Ordering number	S19329
Approvals	CE
