

PROFESSIONALLINE CABLE REEL 16A (230V) 33M

Brennenstuhl Professional Line extension cable reel for professional use.

The large and sturdy folding swivel handle effortlessly winds the cables in and out. The reel has sturdy carrying handles and plug storage compartments. The body and coil are made of Rubbabren, a highly impact-resistant plastic and rubber compound. Made to last in permanent use in the most difficult conditions.

The RN cable is very robust, oil resistant and especially suitable for professional use. 4 splash-proof earthed sockets with self-closing covers. Very sturdy earthed plug. Thermal protection and indicator light showing overheating or overload. Socket ready light. Warranty 5 years. Made in Germany.

SKU: 9202330100
