

Chainable and impact-resistant LED site light 24 months Guaranteed! Made in Finland

PÄÄOMINAISUUDET

- Equipped with a motion sensor, the WorkLite ™ saves up to 50% more energy than a standard WorkLite ™. When there is no movement in the area, it dims itself to 10% power, thus consuming only 2.5 W of electricity. Like other models, it withstands shocks and vibrations on site. Long-lasting and mechanically highly durable LED as a light source enables cost-effective use even during long projects. WorkLite ™ is easy to install and does not require electrician authorization. The WorkLite ™ chainable is available in three voltages: 48 V and 110-230 V.
- The stock color is red.
